*Message from the
Executive Director:
Janine Salgado, LCSW-R*

The Huntington Youth Bureau Youth Development Research Institute, Inc. (aka the Institute) is proud of the work that has enriched the lives of youth in Huntington for 45 years. The Institute was established in 1979 with the mandate to assist in the development of a coordinated system of programs and services that would enhance the quality of life and promote the growth and well-being of youth and their families in the Town of Huntington.

The Institute is an integral part of the Town of Huntington Youth Bureau's system of comprehensive services, focused on the commitment of helping youth and families develop to their highest potential by practicing youth development which empowers youth to engage in all aspects of programming design to ensure that programs meet their current and emerging needs.

As the separate not-for-profit arm of the Town of Huntington Youth Bureau, the Institute is comprised of five specialized Town-wide Projects, serving all 8 public school districts, as well as private and parochial schools. These programs are designed to address the many experiences that emerge during the adolescent years, and include: Sanctuary Project-strengthening families to stay together and helping runaway kids stay safe; Project Excel-an employment, education and creative arts program; Huntington Drug and Alcohol Counseling Center-providing substance abuse education, prevention and treatment for youth and adults;

*Thank you for attending
"A Summer Night"
and for your support of
youth services in our
community!*

*We hope to see you at
our future events.*

Huntington Youth Court- follows the principles of restorative justice and guides youth through positive peer influence, strengthening of self-esteem, instilling motivation for self-improvement, and enhancement of a sense of community involvement among youth; and Project C.A.S.T. (Communities and Schools Together)-a violence prevention program in partnership with Tri Community and Youth Agency, provides advocacy, case management and family strengthening programming to at-risk youth in grades 5-9 and their families.

Through the decades, staff have provided guidance, nurturance, support and opportunity to an adolescent population. None of this work would be possible if not for the support of the Town Supervisor Ed Smyth and the Town Board who continuously value youth and the role they play in our community. Their support allows the Institute to serve youth in a very customizable way. There is a belief that youth can successfully navigate life's journey through adolescence when service is delivered with respect and engagement. Youth are given a voice in their program design and recognized for their strengths.

We stand committed to the well-being of youth through the establishment of positive influences through program design, mentorship and a foundational belief that youth matter. Much of our work cannot be done alone. The shared passion for working with youth is evident in our four honorees. Volunteers serve as the community connection whether by serving as a board member on the Youth Board, giving of time to serve youth, sometimes at a moment's notice through our Sanctuary Host Home program, or sharing a skill set that helps youth reach their potential through STEM (STEAM) programming. Thank you to all the staff and volunteers for their dedication and hard work. And, thank for joining us tonight to support youth in the Town of Huntington, and honoring Carol Werblin, Richard Moses, Patsy Hirschhorn and Karen Limardo.

Carol and Rich have lived in Huntington for over 40 years and raised their three children here. All three children have since relocated throughout the country and Carol and Rich have 6 wonderful grandchildren. Before moving to Huntington, Carol and Rich attended college and graduate school in Albany. Rich is a Certified Public Accountant and retired in 2022. Carol retired in 2016 as a Teacher's Assistant in South Huntington school district.

Shortly after moving to Huntington, Carol and Rich joined Temple Beth El and Carol has dedicated herself to community service programs as co-chair of the Social Action Committee. What began as the building of two homes with Habitat for Humanity and a community Thanksgiving Dinner over 25 years ago, has grown to include monthly projects that include food drives, clothing drives, school supply drives, and camp supply drives. This past year nearly 100 Mother's Day gift baskets to moms on Long Island were distributed.

For the past 16 years, Carol and Rich have been certified as a Host Home with the Huntington Youth Bureau Sanctuary Project where they provide short-term emergency housing for runaway and homeless youth. While they were initially hesitant about participating as a Host Home, this quickly changed with their first youth placement. The young people they have sponsored have been wonderful. They are so happy to be able to provide a temporary safe space for these youth.

Carol is so lucky to have a wonderful volunteer base who coordinate many programs, while she and Rich spend their winters in Florida. For example, from December through March they host 24 homeless men who would otherwise be left to live outside during the coldest months of the year. This program, the Huntington Interfaith Homeless Initiative, is a partnership of over 20 different houses of worship and the Family Service League. Meals, clothing, and toiletries are provided. In February a Baby Boutique provides much needed clothing and baby accessories to nearly 100 new and expectant mothers in Huntington.

Carol has really come to love the families she works with in Huntington, helping to ensure they have all the tools they need to be successful in life. In response to these needs, she developed the Give and Receive program where she acts as a director, community advocate and liaison in conjunction with Huntington's social service agencies, shelters, and school districts. Carol delivers food, clothing, housewares, furniture and medical equipment to clients and families. This effort goes beyond just meeting tangible needs, but also includes spending time with the families and clients, many of whom live alone. Making a personal connection is very often more important than a bag of groceries. Carol believes that "People need to know you care, and I am thankful for being able to make a difference in their lives."

Patsy then organized the Advantage After-school program providing educational and recreational support to youth. Patsy ultimately become a Youth Project Director for the Town of Huntington Youth Bureau. In this position, Patsy oversaw Sanctuary, Excel and Advantage. In 2006, Patsy served as the Executive Director of Town of Smithtown Youth Bureau until her retirement in 2012.
